

Smaller Smarter Government

Key Issues

- **Jobs and the Economy:** Control spending, cut taxes, and enact smart regulation
- **Healthcare:** Repeal and start over
- **Full Support of our Troops:** Keep us safe from terrorists
- **School Choice:** Parents should choose a school based on the child's needs not their income or address
- **Reasonable Energy Policy:** written by engineers not lawyers developing all forms of energy
- **Term Limits for Congress**

Basic Philosophy

- Logic and Reason in Washington
- Will never vote for a tax increase
- Will answer emails and listen to the voters
- Will read the bill before voting
- "I will do what I say I'm going to do"

The Incumbent: Bill Pascrell

- Watched over the most disastrous economy since 1929
- Voted against the first bailout plan and then voted for every pork laden stimulus bill thereafter
- Voted for the health care bill
